NATIONAL ANTHEM

O Cameroon, Thou Cradle of our Fathers,
Holy Shrine where in our midst they now repose,
Their tears and blood and sweat thy soil did water.
On thy hills and valleys once their tillage rose.
Dear Fatherland, thy worth no tongue can tell!
How can we ever pay thy due? Thy welfare we will win in toil and love and peace,
Will be to thy name ever true!

CHORUS:

Land of Promise, land of Glory!
Thou, of life and joy, our only store!
Thine be honour, thine devotion,
And deep endearment, for evermore.

O Cameroun berceau de nos ancêtres,
Va, debout et jaloux de ta liberté. Comme un soleil ton drapeau fier doit être, Un

symbole ardent de foi et d'unité,
Que tous tes enfants du Nord et Sud, De l'Est à l'Ouest soient tout amour! Te servir
que ce soit le seul but, Pour remplir leur devoir toujours.

CHORUS:

**Chère Patrie, terre chérie,
Tu es notre seul et vrai bonheur.
Notre joie, notre vie,
A toi l'amour et le grand honneur**

There are two forms or stages and procedures that the University has adopted for dealing with students' complaints.

7.1 Stage 1 - Informal Complaint: This entails verbal communication of a problem that can easily be resolved by the recipient of the complaint. It is expected that most complaints can be resolved at an early stage by discussing the matter informally at a local level. A student should therefore bring the matter to the attention of an appropriate member of staff or member of the administration, who will try to resolve the matter by informal discussion.

7.2 Stage 2 - Formal Complaint: This is a form of complaint whereby a student expresses dissatisfaction in writing. Written complaints should be dealt with by the competent authorities. This form of complaint can be used in cases where:

1. A student has attempted to resolve matters informally but is not satisfied with the outcome. They may elect to proceed to the next stage by submitting a formal complaint.
2. A student may also submit a formal complaint if the issue involved is too complex or serious for informal resolution. At this point, students may wish to seek advice from Student affairs Services, the Students' Union or the school secretariat on how best to progress with their complaints. The student should submit their complaints by means of a Student Complaint Form to complaints@yibs.org or Hard copies at the school secretariat.

The student should keep a copy of their complaint and any other documentation submitted for their own records.

7.3 Complaint Procedure

- When received, complaints should have a date, be signed and recorded at source. A report on the complaint will be generated and forwarded to the appropriate department or competent administrative staff.
- The student should receive an acknowledgement of receipt of their complaint, from the Student Complaints Manager (or nominee), within five working days of receipt.

Academic Affairs and student-complaints@yibs.org should receive a copy of the correspondence.

- If the complaint is considered justified, the student will be informed of the action taken to resolve or redress the complaint. If the complaint is not upheld, then the student will receive an explanation of the reason for this decision.

14. POLICY ON CAMPUS SAFETY AND DISCIPLINE

To foster a safe and have a healthy learning environment, the policy on safe campuses addresses academic honesty, alcohol and drug use, sexual harassment, hazing, hate crimes, and other crimes which are not tolerated in YIBS. This policy defines noise limits, visiting hours, structural and cosmetic alterations of college property, and smoking, to name a few. Such policies are designed to ensure that all students have the same access to quality education.

14.1. Academic Integrity

The integrity of a university depends upon academic honesty, which consists of independent learning and research. Academic dishonesty includes cheating and plagiarism and is proscribed in YIBS.

14.2. Disciplinary Actions

Students are advised to respect the school rules and regulations. The Head of Department must notify the students of the alleged academic misconduct and discuss the incident in question. The Head of the Department together with the disciplinary department may take disciplinary actions against the student as the Head of the Department deems appropriate. These actions may be appealed through the Academic Grievance Procedure, available in the Office. In instances in which the Head of Department believes that additional action (i.e., disciplinary sanctions) should be established, the case should be forwarded to the administration.

14.3. Examination Misconduct

Academic malpractices include plagiarism, collusion, fabrication or falsification of results, and anything else intended by those committing it to achieve credit that they do not properly deserve malpractice. Examination malpractice is defined as any deliberate act of wrongdoing, contrary to the rules of examinations designed to give a candidate an undue advantage. Examination malpractice also known as cheating is the illegal action that students take during their examinations to try to make good grades by cutting corners. Examination malpractice is an act or irregular manner of testing candidates which contravenes the rules and conventions guiding the conduct of examinations. Examination malpractice has done a lot of harm to students since many of them have neglected their books with the hope of performing the magic they are used to in every examination. Examination malpractice in the educational system has been widely discussed and viewed as a major challenge not only to examination bodies but to school administrators, the entire education system, the government, and society at large.

14.3.1. Forms of Examination Misconducts

Form	Description
Leakage	This means that the content of the examination or part of it is disclosed prior to taking the examination. Usually, it involves one or more of the following: staff members of the examination authorities, printers, proofreaders, and messengers.
Impersonation	An individual who is not registered as a candidate for a particular examination takes the place of one that is registered. Usually, this involves collusion between the chief examiner and the examination supervisor. It frequently involves tertiary institutions students taking the test for monetary reward or as a favor for a girlfriend or boyfriend.
Smuggling of foreign materials	This is perhaps the most common form of malpractice. It relates to the introduction of unauthorized materials (e.g. parts or whole of notebooks, textbooks, microchips, and answers) into the examination hall. Foreign

	materials are frequently smuggled in pants, shoes, hems, and bras or deposited or fixed in the hall prior to the examination, or even smuggled in by the candidates or their aids during the examination.
Copying	Copying from another candidate's work with or without permission.
Collusion	Unauthorized passing of information between candidates usually by exchanging notes or scripts. This is usually facilitated by the inadequate spacing between desks and lax supervision.
Markers Malpractice	Deliberate alteration of marks designed to inflate or deflate a candidate's original mark. This can be initiated by examination officials or candidates.

14.4. YIBS Policy on Examination Misconduct

YIBS is committed to ensuring that its policies and procedures are designed to minimize the risk of malpractice or maladministration, and any subsequent adverse effect occurring, and all reasonable steps are taken to prevent maladministration or malpractice in the first instance.

- Open a record of the allegation in the Malpractice Database
- Determine the immediate actions required (e.g. suspend certification for the Candidate(s), suspend registration or examination bookings to reduce the risk to other candidates, schedule a visit or an observation, temporarily suspend specific members of staff pending the outcome of the investigation)
- Apply an interim sanction, if appropriate
- Notify the center or other relevant party of the allegation of an impending investigation, usually within 10 working days of the receipt of the allegation, unless such notification would undermine the integrity or the effectiveness of the investigation
- Request all records, data and any other information relevant to the investigation where these are not already at YIB's disposal
- Conduct a thorough investigation involving all the relevant parties, including but not limited to the review of all records, data and any other information, interviews, visits, observations and video recordings

- Provide an update on the investigation to any relevant parties within 20 working days of either the initial allegation or, where appropriate, details have been received from the center necessary to conduct the investigation (such as candidate contact details), whichever is the later
- Use all the information available to establish the facts, cause and scale of any irregularities which come to light
- Maintain sensitivity to the effect on and the reputation of a center and/or those members of staff or other individuals who may be subject to investigation.

15. NON-DISCRIMINATION POLICY

YIBS gives an equal opportunity to all its students and is committed to a policy of non-discrimination on the basis of race, sex, gender identity, expression, age, religion, color, national origin, ancestry, citizenship, disability, genetic information, marital status, breastfeeding, income assignment for child support, arrest and court record (except as permissible under State law), sexual orientation, status as a domestic or sexual violence victim (including stalking and dating violence). This policy covers admission and access to, and participation, treatment, and employment in YIBS programs, activities, and services. With regard to employment, YIBS is committed to equal opportunity in all personnel actions such as recruitment, hiring, promotion, and compensation.

16. FEES PAYMENT POLICY

All students are expected to complete all their fees on time so as to avoid the embarrassment of being sent out of classes. No student shall be allowed to sit for the semester examination when his/her financial record is not clean.

17. POLICY ON SCHOOL PROPERTY MANAGEMENT

Basic to the philosophy of the School Board is respect for the rights of others. Students are urged to exercise this respect in regard to the belongingness of others, including school property. Each student should realize that vandalism to school property is costly to repair and is directly related to increased school costs. Attempts should be made by each student to take care of school property and should be done in connection with the care of textbooks and the use of school materials and equipment.

Students who cause damage to school property shall be subject to disciplinary measures and restitution for damages.

The Board authorizes the recovery of costs related to the loss, damage, or destruction of school equipment, apparatus, musical instruments, library materials, textbooks, and damage to school buildings.

The disciplinary procedure developed to implement this policy includes the requirement that all incidents involving the destruction of property be reported to the Board. The disciplinary department may report to the competent authorities any student whose damage to school property has been serious or frequent in nature and the said student will face the YIBS disciplinary committee.

17.1. Damage to School Property / Vandalism / Graffiti

A student who damages/vandalizes/defaces school property will be held responsible for those actions. Graffiti is the practice of writing or drawing on walls without authorization. The student who will be guilty of such practices may be subjected to disciplinary sanctions including the possibility of restitution, suspension, expulsion, and exclusion from school activities. In addition, these actions may result in police involvement.

17.2. Incendiary Devices

All incendiary devices are prohibited (i.e. lighters, matches, etc).

18.8. Damage and Lost Items from the Library

The following policies pertain to students, faculty, and staff.

Damaged items:

The YIBS reserves the right to assess items for damage upon their return. Damage for books can include, but is not limited to: writing in the book, dirty condition, odor, pages torn/missing. If equipment (other than DVDs) is damaged, the user can only pay the full replacement cost of the item plus a processing fee. It is the responsibility of the student checking the item out to call attention to any previous damage to the item prior to the current checkout. Previous damage will be noted by a staff member.

For students, failure to pay the replacement cost or replace the item with a new copy and pay the processing fee by the end of the quarter will result in a hold being placed on the student's record.

Lost Items:

If a student misplaces a book or any other item, he/she is responsible for informing the Library of this fact. If a book or DVD is lost, the user must either:

- A) Pay the full replacement cost of the item, plus a processing fee.
- B) Replace with a new copy of the lost item, plus a processing fee.

The above apply same for any misplaced school item e.g. jersey, robe, etc.

19. YIBS POLICY ON ALCOHOL AND DRUGS

YIBS maintains a drug-free university. Students, instructors, and staff are strictly prohibited from misusing controlled substances, intoxicants, alcohol, and prescription drugs while working, participating in the online classroom, or attending residencies or other university-sponsored activities.

At YIBS, the development of all students' social, moral, spiritual and cultural growth is paramount. We believe that the most important function of the school is to

maintain an environment in which all stakeholders achieve success and self-fulfillment. There is an expectation that everyone (irrespective of age, gender, race or culture) should feel safe and secure and place a high value upon individual achievement and personal development. Drug misuse is the use of illegal drugs and the misuse, whether deliberate or unintentional, of prescribed drugs and other substances, including psychoactive substances. Drug and alcohol misuse damages physical and mental health and well-being affects cognitive abilities and lifestyle and may lead to intoxication and dependency.

19.1. Policy Aims and Objectives

This policy aims to protect Students from the dangers of drug psychoactive substances and alcohol misuse and to encourage that those who have or may have a drug or alcohol problem or are at risk of addiction to seek help.

The School supports the prevention of drug and alcohol-related problems by providing clarity on the School's position on alcohol and drugs in order to minimize problems for students, and staff.

- Raising awareness;
- Identifying problems at an early stage;
- Supporting those affected with alcohol or controlled substance-related problems by providing clear signposting to the support available to students and encouraging students to access treatment where possible;
- Offering support to Students who seek it;
- Ensuring cases are dealt with sympathetically, fairly, and consistently;
- Taking disciplinary action.

19.2. Legal Framework

The school has a legal responsibility to provide a safe and healthy environment for students, staff, and visitors. Any events where alcohol is made available are also required to be managed properly. Students are reminded that it is a criminal offense to produce, supply, possess, or import a controlled drug, as defined. It is also a criminal offense to produce, supply, possess with the intent to supply, or import psychoactive substances, as defined under the Psychoactive Substances.

The supply and consumption of alcohol are subject to the restrictions of the Alcohol Licensing Act "For example, allowing alcohol at schools could have a lasting detrimental effect on learners, impact learner safety, and disrupt the school space, a space that is aimed at nourishing and protecting children..". Licensees which may include the School and its staff, have a legal duty to manage premises responsibly and have the authority to ban people for their antisocial behavior in bars and other places where alcohol is on sale. In addition, this duty encompasses the need to ensure public order when the School provides alcohol that is not necessarily on sale; for example when holding student receptions where alcohol may be served. Any anti-social behavior or event(s) could result in the School asking individual(s) to be

removed and barred from such event(s). Students are also not permitted to bring their own alcohol into areas that have been licensed.

19.3. Disciplinary Rules

As such, the School prohibits, and will not condone the use or supply of illegal drugs on any of its premises and/or Halls. Any such use or supply of illegal drugs is major misconduct or offense in its own right.

20. STUDENT AFFAIRS

Counseling Services: YIBS offer professionals counseling services to students enrolled. These counseling services are under the guidance of the School Chaplain. These lists are updated yearly and can be found under "Counseling Resources for Students."

Alumni Mentorship: Students have access to a wide range of alumni mentors during their time at YIBS and after they graduate. Alumni mentors have a strong desire to pour their experiences back into the YIBS community through their time. All mentors commit to reach out and answer questions and to pray for their YIBS students.

This is placed under the Students Affairs Officer (SAO). Helpful tips for writing a resume, creating a cover letter, and career websites.

Campus Alerts: YIBS utilizes a campus alert system (NOTICE BOARD) to alert students when either campus will close due to weather or other emergencies. Students are automatically enrolled in this program upon matriculation.

Training Opportunities: YIBS conducts Continuing Education conferences on counseling and ministry with a Christian emphasis designed to bring together counselors, psychologists, ministers, and others in helping students to participate in training and workshops, graduation ceremony. These conferences offer instruction, support, networking and renewal for students in YIBS. Students are invited to attend and are usually offered free of charge or at a reduced rate.

21. POLICY ON SEXUAL MISCONDUCT/HARASSMENT

YIBS prohibits all forms of sexual misconduct, including but not limited to, sexual assault, sexual exploitation, stalking, dating or domestic violence, and sexual harassment. Such conduct violates the community values and principles of our institution and disrupts the living, learning, and working environment for students, faculty, staff, and other community members. In furtherance of this policy, the University has adopted the following standards of conduct for all members of our community - students, faculty, and staff, as well as University vendors, contractors, visitors, guests, volunteers, interns, and third parties - with respect to sexual misconduct.

These standards apply equally to all regardless of the sex, gender, sexual orientation, gender identity, or gender expression of any of the individuals involved. YIBS may investigate any alleged violations of this policy that occur in the context of a University program or activity or that otherwise affect the University's working or learning environments, regardless of whether the alleged conduct occurred on or off campus. In situations where the alleged sexual misconduct occurred outside of the context of a University program or activity or where the respondent is not a member of the University community (including when the respondent has graduated or left the University), the University typically will not conduct an investigation, but may address the situation and provide appropriate resources to impacted individuals and, where appropriate, the broader University community.

YIBS is committed to fostering an environment in which all members of the campus community are safe, secure, and free from sexual misconduct of any form. The University expects that all interpersonal relationships and interactions—especially those of an intimate nature—will be based on mutual respect, open communication, and clear consent. When learning of conduct or behavior that may not meet these standards, community members are expected to take an active role in upholding this policy and promoting the dignity of all individuals.

21.1. Sexual Violence

It is important that the schools are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way and that it can happen both inside and outside of school. When referring to sexual violence in this advice, we do so in the context of child on child sexual violence. For the purpose of this advice, when referring to sexual violence we are referring to sexual offences as described below:

21.2. Sexual Harassment

For the purpose of this advice, when referring to sexual harassment YIBS mean 'unwanted conduct of a sexual nature' that can occur online and offline and both inside and outside of school. When we talk about sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to

violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualized environment. Whilst not intended to be an exhaustive list, sexual harassment can include:

- Sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualized names;
- Sexual "jokes" or taunting;
- Physical behavior, such as: deliberately brushing against someone, interfering with someone's clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- Online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include: Consensual and non-consensual sharing of nude and semi-nude images and/or videos. In fact, taking and sharing nude photographs is a criminal offence; sharing of unwanted explicit content; Upskirting (is a criminal offence); sexualized online bullying or unwanted sexual comments and messages, including on social media;
- Sexual exploitation; coercion and threats. It is important that schools and colleges consider sexual harassment in broad terms. Sexual harassment (as set out above) creates a culture that, if not challenged, can normalize inappropriate behaviors and provide an environment that may lead to sexual violence.

22. SANITATION POLICY

- **Waste Management:** Students are required to dispose of trash in designated bins and avoid littering. Recycling should be practiced where facilities are provided.
- **Responsibility for Cleanliness:** Students are responsible for the cleanliness of their immediate environment, including dorm rooms, study areas, and dining spaces. Participation in campus clean-up campaigns or sanitation drives may be encouraged or required.
- **Food and Water Safety:** Students must only consume food and water from approved and hygienic sources. Food should not be stored improperly in dorms or other unauthorized areas to prevent contamination and pest infestation.
- **Enforcement And Compliance:** Violations of these policies will be addressed according to the institution's student code of conduct. Repeated or serious violations may result in disciplinary action, community service, or counseling requirements.
- **Personal Hygiene:** Students are expected to maintain high standards of personal hygiene, including: Regular bathing and grooming, wearing clean and appropriate clothing, practicing good hand hygiene, especially before meals and after using the restroom.

- **Health and Safety:** Students with contagious illnesses are advised to seek medical attention and avoid attending classes until cleared by a healthcare provider. The use of shared personal items (e.g., combs, towels) is discouraged to prevent the spread of infections.
- **Campus Facilities:** All students must keep shared spaces (e.g., classrooms, dormitories, restrooms) clean and orderly. Complaints or reports regarding unhygienic conditions should be directed to the school's health or facilities office promptly.

23. SANCTIONS AND PUNISHMENT

As for possible sanctions if a student is found by YIBS investigative body to have violated Code of Student Conduct:

- **Expulsion.** This means the student is permanently separated from the university.
- **Disciplinary suspension.** This sanction means the student is temporarily suspended and must leave the university for a specified time. Suspended students cannot attend class or live on YIBS campus, cannot participate in student activities on or off campus, and cannot use YIBS facilities such as the student center, playing fields and computer labs. Re-admission after the specified term for suspension is not automatic and could be denied if the terms of the suspension were violated. When re-admission is allowed, there may be additional requirements - to ensure the safety, success and well-being of the students.
- **Loss or suspension of privileges.** This means the student is prohibited from attending certain functions, public parties or private gatherings on- or off-campus where food and drinks is served; and prohibited from being on campus under the influence of alcohol.
- **Disciplinary probation.** This sanction involves barring the student from hosting private gatherings, serving drinks at parties or being a candidate for or holding elective or appointed office in any of the campus during the term of the probation. That term can be a specific period of time or could be indefinite.
- **Written reprimand** (Speaking angrily to someone for a wrong doing).
- **Fines or equivalent work penalty.** Fines may be imposed by YIBS and paid to the school, or an equivalent work penalty may be imposed.
- **Restitution.** To provide recompense, or compensation, a student may be ordered to pay restitution in money or in kind to the university, or to an individual for a loss caused by the student found in violation.
- **Required community service work or assignment.** This means a student must engage in service to the community, an agency, an institution or the university, or participate in special educational programs.
- **Mandatory educational session/counseling.** A student may be required to complete an educational or counseling program.

- Mandatory written apology. A student may be required to write a letter of apology, subject to approval.
- Discretionary sanctions. More sanctions may be added in the form of educational activities, work assignments or community service.

According to the YIBS code, if a student fails to abide by or fulfill any or all such sanctions, the student could be subjected to further proceedings and additional sanctions, including suspension or expulsion.

Searches must be reasonably related to the objective of the search and must not go beyond what is warranted by the nature of the suspected violation. Searches of a student's person or personal effects are limited to the students' pockets and objects in the student's possession, such as a purse, backpack, book bag or cell phone. A pat-down of the exterior of the student's clothing may be done by an adult of the same sex as the student being searched in the presence of an adult witness. Searches of student vehicles on the school's property are permitted based on reasonable suspicion.

The material on the student's cell phone is subject to review by the school based on reasonable suspicion of a violation of the school's code of conduct or behavior detrimental to the safety and welfare of students or staff.

23.4. Compliance Checks

Regular checks may be conducted to ensure adherence to class rules, including attendance, punctuality, participation, and behavior.

Non-compliance may be recorded and reflected in the student's participation grade or overall course standing.

Serious or repeated violations may be escalated to the academic coordinator or disciplinary committee.

24. STUDENT POLICY ON LATENESS, CONDUCT, AND COMPLIANCE

- Students must arrive at the lecture hall at least 15 minutes before the scheduled start time.
- Late entry is not permitted once the lecture has commenced. This is to minimize disruptions and maintain a focused learning environment.
- Repeated lateness may result in disciplinary action or exclusion from the session.

24.1. Unnecessary Listening / Disruptive Behaviour

- Students are expected to maintain full attention during lectures and participate actively when required.
